

Project Task List 2 (4%)

Please submit the following - one submission per team

- Project Topic:

Restaurant's website of a restaurant called C.E.P.

- Project Scope:

- Description:

A Restaurant's website that mixes Latin and Ethiopian Culinary Experiences in Toronto showcasing each culture with their best dishes.

- Team name: 404 Not Found

- Team lead: Andres Alexander Manuel Mendoza-Bernardo Guerra

- Team members:

- Kalkidan Bizuayehu
- Andres Alexander Manuel Mendoza-Bernardo Guerra

- Targeted audience:

Bloggers, Lifestyle influencers, Tourists, City guides in Toronto and residents of Toronto.

- Objective:

We aim to make our restaurant easily accessible to both new and returning customers. By using a digital platform, customers can explore our menu, place orders, and get important updates anytime. This approach helps us connect better with our audience and improve their overall experience.
